Re: Advisory Opinion for Planned Development No. 1268, 4339 W. 18th Place setbacks

Dear Mr. Freidland:

This letter is in response to your recent request. Your client, Montclare Senior Residences SLF of Lawndale, LLC, has recently completed construction of a new senior supportive living facility at 4339 W. 18th Place. The attached as-built survey identifies two setbacks that are off by a few inches as compared to the approved Site Plan. You are seeking confirmation that the building is in substantial compliance with the setbacks of PD 1268.

The PD's Bulk Regulations and Date Table identifies the minimum required setbacks as noted on the Site Plan. The building's approved north setback is 94.67 feet and was built at 94.17 feet. The building's approved east setback is 57.58 feet and was built at 57.32 feet. In regards to these setbacks, the building as built is in substantial compliance with the requirements of the Planned Development. If you have any questions, please contact Teresa McLaughlin of my staff at (312) 744-3509.

Sincerely,

Patricia A. Scudiero
Zoning Administrator
